What Can I Do to help our community? Some ideas...

Green Gardening: Upper Merion Township Yard Waste Recycling. Planning for spring yard clean up? The Township will pick up your yard waste, free of charge! Typical collection months are April and September. Just collect it according to the regulations and make an appointment for pick-up. This program is funded by a state grant. Go to www.UMTownship.org and click on Public Works for more information. The pick up number is 610-25-8465 or e-mail: yardwaste@umtownship.org with the form on the website.

Committee Participation: Several committees of the GMCA are in need of members. All that is required is that you have a genuine interest in preserving and improving our community. Let us know you are interested by speaking with any GMCA officer or board member, or by e-mailing the association.

Special note: Immediately following our annual meeting, we will enjoy some time to socialize and a wine tasting featuring wines and tasting notes from Moore Brothers Wine Company. Moore Brothers represents small artisan wine producers from France, Italy and Germany. They hand select each wine sold and then temperature control the wine shipments to ensure the quality of the wine. Tune up your taste buds!

A Note of Thanks

We all owe a debt of gratitude to our Officers, Board Members, and our Active and Involved Members who have played attention to those issues that are important to the Gulph Mills community during the past year, and who took that extra step of getting involved, in a positive way, to help us all.

Going forward we continue to need your input, your GMCA committee work, and your attendance at important UM township meetings. You can contact us by e-mail, snail mail, or phone, with questions, opinions, or concerns.

Best to all,

Rich Dougert
